# OHDSI Europe

- **18** National nodes (with 2 more on the way!)
- **>1000** members in OHDSI EU teams channel
- In EHDEN alone:
  - 210 data sources, 30 countries
  - >450 M patients

- In EU, to *OMOP* is rapidly becoming one of the things we do…

# OHDSI ⚙ NL

## *What* is OHDSI NL?

We are a group of OHDSI enthusiasts in NL who are working with observational health data mapped to the OMOP Common Data Model.

Our **goal** is to learn from each other by sharing knowledge & experience about standardising data to the OMOP CDM and using the OHDSI toolset.

## *Who* is OHDSI NL?

OHDSI NL members work in:
- academia
- research institutions
- hospitals
- pharma companies
- SMEs

Our OMOP & OHDSI expertise ranges from
- performing ETLs
- running studies
- writing packages to methods development

and our backgrounds vary from health care providers, to data specialists with secondary data use as common ground.

Health Data Science

## Why join OHDSI NL?

Our aims are to
- Increase the number of Dutch data sources mapped to the OMOP CDM
- Align mapping pipelines
- Generate evidence using OHDSI tooling

If you are a data owner, OHDSI NL can be useful
- To learn more about standardizing your data
- For access to OHDSI tooling expertise
- To work together on mapping harmonization
- For participating in network studies

If you are a data user, OHDSI NL is for you because of
- Access to more data in OMOP CDM format
- Multidisciplinary collaboration and network studies

If you are curious about what OMOP CDM is, OHDSI NL
- Can help you get started on your OHDSI journey

## How to join OHDSI NL?

Feel free to join our next meeting to get to know us & what OHDSI NL is all about!
